

Hi, I am currently pursuing my Bachelors of Engineering in the field of Computer Engineering. I have experience in Machine Learning models . I am an aspiring data analyst currently improving my grasp in machine learning and building projects using it. I am persevered and creative with my work .

EDUCATION

Bachelors in Computer Engineering Fr. Conceicao Rodrigues Institute of Technology

09/2020 - 2024,

Minor Project

- Developed a Machine learning model to predict lung cancer

High School Diploma Smt. CHM College

06/2018 - 03/2020,

Courses

- Science

PROJECTS

Lung Cancer detection using ML

07/2022 - 2024,

Tasks

- Gradio Integrated model
- Specifies the type of Lung Cancer based on the CT scan

FCRIT Bulletin (Ongoing)

07/2022 - 2024,

Tasks

- Website for uploading certificates
- Placement and Internship updates
- Website can be used as official college ADM Portal
